

Fact sheet

HP Photosmart 8750 Professional Photo Printer

Overview

The HP Photosmart 8750 Professional Photo Printer is designed for the professional, fine art, portrait and serious amateur photographer who wants finished, professional-quality photos to sell, exhibit or admire for generations.⁽¹⁾ The HP Photosmart 8750 Professional Photo Printer produces nine-ink prints up to 13 x 19-inches with color management tools and remarkable printer flexibility to produce realistic color and true black-and-white photos with neutral grays.

Key Features and Benefits

- Long-lasting color and black-and-white photos with high contrast and accurate skin tones in nine-ink color with HP Vivera Inks.
- Black-and-white photos with neutral grays and deep blacks, high contrast and smooth transitions.
- Extended color palette includes enhanced blue hues for more realistic skies and landscapes.
- True-to-life photos that resist fading longer than lab-developed photos.⁽¹⁾
- Photos will last more than 100 years displayed under glass⁽¹⁾ or more than 200 years when stored in a photo album.⁽²⁾
- Convenient multi-size paper trays for fast, professional-quality photos – with or without borders – in sizes ranging from 4 x 6-inch, up to 13 x 19-inch and 8.5 x 24-inch panorama, adding greater versatility to photo printing capabilities.
- Professional-color tools that connect seamlessly to Adobe Photoshop® applications to produce images that match users' visions.

Additional features

- Built-in Ethernet connectivity enables convenient network sharing and wireless printing with Macs and PCs.
- Convenient memory card slots – CompactFlash, MultiMedia Card, Secure Digital, SmartMedia, Memory Stick and XD-Picture Card – and front USB port for connecting to PictBridge-enabled digital cameras allow users to print directly from their cameras.
- Index photo proofing from memory card for quick and convenient photo referencing.

Technical specifications

- Nine-ink printing: Cyan, Magenta, Yellow, Light Cyan, Light Magenta, Blue, Light Grey, Dark Grey and Black
- 4800-optimized dpi⁽³⁾
- 13 x 19-inch photos print in as fast as three and a half minutes when printing from a computer
- 4 x 6-inch photos print in as fast as 29 seconds when printing from a computer
